Wood Deck Mount Flashing Kit - FRKW

Quicklinks

- Columbia Skylights Brochure
- Good, better, best glass glazing options

Features and Benefits

- Columbia's venting deck mount skylight includes a premium quality 1" x 5.5" Canadian Douglas Fir wood curb. The curb is kiln dried with no finger joints and is supplied in a natural unprimed finish.
- Minimum 3:12 roof pitch
- Available in 7 glass glazing options.
- Deck mount skylights must be installed with Columbia's deck mount flashing kit for the warranty to remain valid.
- Thermally broken white PVC base frame with condensation channel and weep holes.
- Aluminum exterior cap with baked enamel Rideau brown finish to match common roofing materials. Also available in Black, Grey, White and Sandalwood.

Glass Options

- Standard glass glazing is double glazed LoE Clear Tempered over Tempered, argon gas sealed units. LoE Tempered over Laminate is also available for additional safety and noise reduction.
- Choose from 7 glass glazing options.
 - **LoE Clear:** Industry benchmark
 - **LoE Neat:** Self cleaning glass
 - **LoE i89:** Close to triple pane performance
 - **LoE Triple Glazed:** Ultimate energy performance
 - **LoE Bronze:** For a softer light
 - **LoE Solar Reflective Bronze:** Mirror finish
